Overall Case Summary: Client not at fault. Moderate damages that often result in mid-figure verdicts and settlements. 50% chance of liability coverage for responsible party. If liability coverage does exist, it may have low limits.

Case Score: 65

Summary Of Case Factors

Time Before Treatment: The client was treated within 2 weeks of the accident.

Injury Severity: Moderate and mild injuries were sustained.

Treatment Providers: Client has sought emergency treatment at a hospital or urgent care facility.

Liability: The client was a passenger, and the operator of the vehicle they were in was at fault. However, they are not related to or do not live with the at fault party.

Impact Severity: The accident involved a mild t-bone collision.

Insurance Coverage: The at fault party is insured by an unknown personal policy. Client isn't sure if they qualify for UM coverage.

Client Comments:

I think I need more medical treatment, and want to speak to an attorney about my options.
